DR. CRIPPEN DESCRIBES KILLING

SUCCUMBS TO THIRD DEGREE

Declares That While Quarreling With Belle Elmore He Strangled Her.

[Associated Dailies Telegram] Quebec, Aug. 4.—Numerous events of the past few hours have helped to strengthen the belief that Dr. Hawley H. Crippen has confessed to the crime of murdering his wife, Belle Elmore, in London. The most convincing proof is the fact that an official in the attorney general's office has said so.

The manner in which the confession was obtained was as follows: After her arrest, broken and nervous, the Le Neve woman clung to Captain Kendall as her only solace. He has been kind to her on the voyage and she trusted him. While sitting in her cabin, once more attired in woman's clothing, she confided to the captain what she knew of the case. He turned his information over to Inspector Dew in confidence. Dew instructed one of the daughters of Mrs. Phillips, the matron of the jail, to approach Miss Le Neve and, without making any promises of help or freedom, to attempt to gain further information. She was successful, and the information she gleaned was used by Dew to play on Crippen's weary mind.

He finally, after hours of interviewing and questioning, broke down. He claims he did not intend to commit murder. He and his wife had been fighting and bickering. He strangled her to make her keep quiet. She fainted and later died. Fearing the consequences, he made all haste to cover up his deed. This story is vouched for by a government official and is the general topic of conversation at the Chateau Fontaine and the Garrison club. The fact that Crippen is more closely guarded than ever points to the fact that he has confessed.

Dr. Hawley Harvey Crippen and Miss Le Neve Caught Through Aid of Wireless

Quebec, Aug. 3.—When the steamer Montrose reached port Inspector Dew and his two world famed prisoners, Miss Ethel Clare Le Neve and Dr. Hawley Harvey Crippen, were accompanied by Chief of Police A. R. McCarthy of Quebec and Charles Denis, his assistant, who assisted the Scotland Yard officer in guarding the pair up the St. Lawrence straits. A great crowd was at the pier to view the accused dentist and the girl, and it was with difficulty that they were escorted to the seldom used cells in the basement of the Parliament building. Later they were arraigned before a magistrate, who held them for extradition to England. According to the Canadian law, both will be held in the provincial prison until Aug. 15.

Lewis Faces Crisis in Miners' Affairs

HOPES TO SAVE UNION FROM SPLIT

[Associated Dailies Telegram]

Indianapolis, Ind., Aug. 4.—The calling of a special international convention by President Lewis of the United Mine Workers of America to meet in this city Aug. 11 is regarded by members of the organization here as the first step in what may prove to be the disruption of the organization. It is said that Lewis finds himself in a position where he is compelled to make terms with the operators or witness the return to work of thousands of miners and an open shop. If this should occur the result would be fatal to the organization and what it has taken years to build up will be torn to pieces within a month.

According to persons in the organization who are cognizant of the conditions, the treasury of the United Mine Workers has been so depleted in the last four months that the balance is lower than it has been in 10 years. The returns from assessments, special and general, have been very small since April 1, because of so many of the miners being idle.

The Illinois miners are said to be the only exceptions, and President Lewis does not believe they will hold out much longer if they understood the real condition in which the organization has been placed by the protracted strike.

FOSTER DIVORCE CASE IS HEARD

The probate court room was thronged with witnesses all day Thursday, the divorce case of Foster vs. Foster being heard. It is said that Harry Foster is willing to make peace with his wife and live with her but she will not consent. It is said that Mr. Foster blames his sister-in-law for causing his wife to leave him. J. C. Adams represents the husband and J. L. McDowell represents the wife. Harry Foster is a brother of Frank Foster whose matrimonial troubles were aired Wednesday in Squire Winzer's court.

MOTOR SKIDDED OVER BANK NEAR BALTIC

Otto Tverdahl and Elmer Summers in an imperial automobile went over a steep bank near Baltic a few nights ago, when the machine skidded to the side of a narrow road on both sides of which are deep ditches. Both the men and the machine escaped without a scratch.

The accident was the culmination of a chain of exciting experiences which began soon after the men left Coshocton at 9:30 in the evening.

After leaving West Lafayette the men started for Chili but were lost in the hills, which in that neighborhood are veritable mountains rising from the ground nearly straight up in the air. Four of the hills had to be climbed with the car going backwards to keep the gasoline in the carburetor; when the car went forward the gasoline ran back into the tank giving the engines no gas.

When they reached Chili at 3 o'clock a rain storm came up, soaking the roads so that they were almost impassable. After the rain had stopped however, the men pushed on and finally reached a hill this side of Baltic. The rain had made the yellow clay on the hill like a glass mountain and when the car started down the wheels slid from side to side and finally pitched off the road into a fence corner where it stood on the verge of toppling over on its side. Mr. Tverdahl jumped out and placed his hand on the side of the car and held it there until Summers secured a fence rail and propped the car up.

The services of a man passing by with a team of horses were secured and with the help of the horses the machine was pulled to the road and the automobilists resumed their journey. After reaching Baltic at about 5:30 that morning the men transacted their business and returned home.

OPERATED UPON AT KEENAN HOSPITAL

Mrs. Henry Clark was operated upon by Doctors McClain, Carr and McCurdy at the Keenan hospital Thursday. The operation was performed upon her knee, with which she has been suffering for several months, and was very successful.

COSHOCTON SCHOOL CHILDREN'S TEETH TO BE EXAMINED

The Ohio State Dental Society are making a grand effort to make it a law in Ohio to have all school children's teeth examined. Dr. D. Haight was notified by the state to get permission from the principal and school board and proceed to get the ethical dentists in Coshocton to examine all of the children's teeth this term of school in Coshocton and report to them the per cent of deflection.

GRIFFITH IS GETTING BETTER

George Griffith who was injured Wednesday noon by being knocked from a telephone pole by a live electric wire, is recovering nicely from the accident according to a statement of the physician in attendance. As far as can be seen now the man is in no immediate danger.

Fishing Today. Dr. Marshall and Clarence Hay in the latter's automobile, drove to Walbonding vicinity Thursday morning to spend the day fishing.

RUNAWAY BOY WAS SEEN NEAR NEW CASTLE

By the use of the telephone Ernest Reed, who disappeared from the home of his father Stewart Reed of Roscoe last Monday, was located late Wednesday evening near New Castle and according to statements made by the people with whom young Reed talked, he was on his way to Mt. Vernon.

Wednesday afternoon Mr. Reed learned that this son had been seen in the vicinity of New Castle and a telephone message to people living near there brought to the father the first news he has had of the whereabouts of his son since last Monday morning when the young boy, who is only fourteen years of age, dressed in a new suit of clothes and left his home.

He was traced to New Castle by telephone and through there. People in that vicinity say that he passed through there Tuesday and talked to several farmers along the way telling them that he was on his way to Mt. Vernon. Mr. Reed expects to notify the authorities at Mt. Vernon and have the boy detained there when he arrives and Probation Officer Bruns will be sent there to bring the boy back to his home.

DIFFERENCE IN RELIGIONS CAUSED DOMESTIC TROUBLES

With kaleidoscopic rapidity the scenes shifted in the matrimonial tangles of Mr. and Mrs. Frank Foster Wednesday. Constable Chris Graham, who was thrown out of the South Fourth-st home by Mr. Foster Wednesday morning, filed two charges against Foster and had him bound over to the grand jury. The question of how much the bond should be caused another big argument.

Foster's friends argued that \$100 would be ample for an offence of this kind. Squire Winmer, however, after consulting with Attorney W. S. Merrill, held that the bond should be \$400. Foster's friends called this a rank outrage. Bond was finally furnished, however, Mr. Foster's mother and Wm. Myers going on the bond, and he was released.

Threats To Kill Denied. Mr. Foster denies that he threatened to kill his wife. He says that he told her he was going to get their oldest child as he thought it right that he should have one of them. He says they never separated before but that when he was in Columbus working she joined him there.

Quarreled Over Religion. It is said that part of Mr. and Mrs. Foster's infelicity was due to the fact that she was a Catholic and he was a Methodist. They could not reach a satisfactory compromise upon their religious and this was the subject of a number of arguments. The religious phase of the matter came up in Squire Winmer's court Wednesday afternoon.

No Reconciliation in Sight. The indications are that a reconciliation will not be reached between Mr. and Mrs. Foster. They are both

TRIPLE MURDER ENACTED ON A LONELY RANCH

Spring Mountain Boys Had Fight Over Young Lady

Three young men, who were mixed up in a battle which caused great excitement in Spring Mountain Saturday night, came in voluntarily and pleaded guilty before Squire Crowne and each was given the minimum fine of \$1 and costs. Derwood Miller and Laban Rhody were charged with attempting to provoke a

breach of the peace. Walter Chaney was charged with assault and battery. Miller and Rhody were fighting first. It is said, and Walter Chaney took a hand. It is said that the trouble started over a young lady. The fight occurred right in the heart of the village.

ENGINE TRAVELED AT 110 MILES AN HOUR

Whizzing through space at the rate of one hundred miles an hour the immense big new Pacific engine that hauls No. 13 and No. 24 through Coshocton at night, broke all records on the Panhandle for fast running Saturday night in an effort to show what the engine could do, hauling a heavy load of nine cars.

The new engine is one of the several that have been ordered for use on the Pittsburgh-Denison division of the Panhandle; last week it was placed in commission, being turned over to a Steubenville man, Thomas Kenney, engineer of the fast St. Louis train that passes through Steubenville at 7:13 p. m. It was run several days at an ordi-

nary speed, to carefully test the machinery, but on Saturday night it was cut loose west of Steubenville and a new record was made for the division. The train left Steubenville ten minutes late and in and out of the curves between Steubenville and Cadiz Junction it traveled at a rate of a mile every minute of the time consumed in getting over the ground, no effort at fast running was made then, but on hearing Selo the throttle was opened and for a short distance the train made 110 miles an hour.

The fast speed of the train did not disturb the passengers in the least, as the cars were all of the heavy type, such as compose all of the Pennsylvania flyers, and the train rode as smoothly as if it was drawn by one of the small engines at the ordinary speed. The big new engine worked perfectly and trainmen pronounce it a success in both comfort and speed. It is likely that the Panhandle will be running trains at a much faster speed than at present before many days, or as soon as all the new engines arrive. Another one of them is expected this week to be used west on No. 7 and east on No. 20. Trainmen expect the distance between Steubenville and Denison to be covered in 45 minutes in the near future, which is faster than a mile a minute clip. Engineer Kenney stated at the Panhandle yesterday that a 45 minute schedule would be an easy matter to keep up with the new engine.

Insurance Paid.

Local insurance agents Wednesday paid to C. C. Cheney of West Carlisle his insurance on the building burned several weeks ago. The amount of insurance paid is not made public but it was settled satisfactorily to all parties.

FAMILY PERISHED IN HOBOKEN FIRE

HOBOKEN, N. J., Aug. 4.—Four persons—an entire family—perished today and several others were overcome by smoke in a fire which destroyed a tenement at 252 Springst. West Hoboken.

The presence in the building of the four persons killed was forgotten till too late.

Dies Nearing Safety. One, a child of four, died as he was being carried to safety.

The Dead: Louis Blasetti, aged, 32. Marie, his wife, aged 30. Paul, his son, aged 4. John, his son, aged 8. A fireman, Oscar Alcea, was overcome by smoke, and when taken to the hospital, little hope of his recovery was expressed.

Rescuers Near Death. Mrs. Rapetti Labella and her two little children were also overcome. In saving the Labellas, ex-Chief Charles Lester almost perished, making two dashes into the flaming building.

Another hero of the fire was William Winkelman, who, attempting to save the Blasettis, was burned. Little Paul died in his arms. Alcea was overcome after he had returned to the hose several times hunting for occupants.

ASHES WERE DISCOVERED IN KITCHEN STOVE

Murder Thought to Have First Stabbed His Victim.

THE VICTIMS

Enoch Kendall, aged 60 years. Mrs. Ura Kendall, aged 55 years. Thomas A. Kendall, their son, aged 31 years.

The Suspect

Henry Yamaguchi, Japanese boy.

SANTA ROSA, CAL., Aug. 4.—A general alarm was sent out today for the apprehension of a Japanese boy, Henry Yamaguchi, in the hope of obtaining a key to a gruesome triple murder enacted on a lonely ranch. The crime was revealed yesterday when county officers investigating the disappearance of a family of three discovered the charred bones of Enoch Kendall, Mrs. Ura Kendall, his wife, and Thomas A. Kendall, their son, in the yard of their canon home north of Santa Rosa.

The finger of suspicion according to the sheriff is directed toward the missing Japanese. Yamaguchi occupied a cabin on the ranch and had a violent quarrel with Thomas Kendall, manager of the Starbuck ranch. Young Kendall is said to have beaten and shot at the boy. Nursing his grievance against Kendall, Yamaguchi is said to have acted like one demented.

FAST TRAIN ALMOST HIT J. L. RICHCREEK

J. L. Richcreek, of Jackson township, had the most thrilling experience of his life Thursday afternoon at the Main street crossing when the gates were closed down penning him up on the tracks with fast train No. 11 bearing down upon him at a terrific rate. The presence of mind of the engineer was all that saved Mr. Richcreek's life. He applied the emergency brakes and brought the train to a stop while the spectators held their breath.

Mr. Richcreek was driving his team down Main-st. unmindful of danger. He had gotten onto the tracks when the gates were let down shutting off his escape. The fast train due here about 2 o'clock does not stop at Coshocton but the engineer saw the man's plight and managed to stop the train.

Cow Killed By Electric Motor

A cow belonging to M. H. Powelson field and started into the mine when the electric motor ran into her. The cow was thrown clear from the motor and against telegraphman Tom Duling, who escaped serious injury.

Will Fix Dates for Hospital Bids

At the meeting of the board of control next Thursday the time will be set for receiving bids for Coshocton's new hospital. The necessary legislation having been passed by the city council and the sale of bonds advertised the next step is to let the contract and proceed with the building. It is thought that the work can be gotten well under way early this fall and possibly completed by December.

TRADES COUNCIL HELD BIG MEETING

At the meeting of Central Trades and Labor Council Wednesday evening the attendance was unusually large and great enthusiasm was displayed in the Labor day celebration, which is rapidly drawing near. Third Vice President John Lane, Treasurer Victor Graham and Treasurer Frank Moore were installed into office. John Boston was seated as delegate from the Morgan Run local. The Morgan Run local has been elected for all of their members and they will be placed to the credit of John Jenne McGinnick, who is a strong candidate for the leadership in the Labor day ticket, against Walter

Taft Ignored by Iowa Insurgents

Cummins Refuses to Mention Name at Convention
—New Tariff Law Denounced.

Des Moines, Ia., Aug. 4.—By a vote of 315 to 568 the Iowa Republican convention declared that it disapproved of the Payne tariff law as not being a fulfillment of the pledges of the national Republican platform of two years ago, and gave cordial endorsement of the action of Senators Cummins and Dolliver and the insurgent members of the lower house in refusing to support the tariff bill, railway and other administration measures. So bitter was the controlling element that President Taft's picture was denied a place among other illustrious Republicans who adorned the walls of the great coliseum.

Climax of Resentment.
To cap the climax of apparent resentment Temporary Chairman Senator A. B. Cummins refused to mention the president by name, and when he sought to eulogize Republican leaders by beginning with Lincoln and ending with Roosevelt, 500 stalwarts refused to let the speechmaking continue until the name of Taft had been included in the list. Punditism reigned for 10 minutes. Senator Cummins stood pat upon this matter, however, and eventually was permitted to resume his speech.

There were majority and minority reports covering every stage of the day's proceedings. When the committee on permanent organization recommended Senator J. P. Dolliver for permanent chairman the faction balked and presented the name of J. C. Mahray of Albion. Dolliver won over Mahray by 255 votes.

Live News From All Parts of the Buckeye State

Findlay, O. Aug. 4.—Harry Zuber, 27, who has just completed a course in a Chicago correspondence school on how to train vicious horses, was probably fatally kicked. While handling a horse he waved a red flag in front of its eyes and then jingled some sleigh bells at the horse's heels. The kick that followed in the man's chest broke nearly every one of Zuber's ribs and he was injured internally.

State Shoot Postponed.
Camp Perry, O., Aug. 4.—The Columbus street railway strike is not popular among Ohio regimental rifle teams encamped here for the annual competition of the Ohio National Guard, for Adjutant General Weybrecht telegraphed Major Charles Becht that the competition was declared off on account of the strike. The matches to decide the regimental and other honors will be held some time in September.

Stock Voting Is Enjoined.
Columbus, O., Aug. 4.—Judge Sater of the United States circuit court issued an injunction against the Chesapeake & Ohio voting its present stock holdings and against an increase of the common stock of the Locking Valley railroad, now owned by the C. & O. The granting of the injunction is considered a big victory in behalf of the minority stockholders, who brought the suit.

Many Died on Railroads.
Columbus, O., Aug. 4.—More people were killed on steam and electric railroads in Ohio during July than in any previous month this year. The total was 117. This report, made by the state railroad commission, does not include the 25 killed in the Middletown wreck. They were held out of the report for verification.

Will Run in Mooney's Place.
Ashtabula, O., Aug. 4.—The Republican central committee of Ashtabula county selected Attorney Clifford J. King to succeed G. W. Mooney as candidate for the legislature on the Republican ticket. The move was made necessary by the nomination of Speaker Mooney for secretary of state.

Escaped Prisoner Recaptured.
Columbus, O., Aug. 4.—Local police arrested Ambrose Nye, one of the prisoners who escaped from the Newark jail on the night when the mob lynched Carl Etherington. He was today taken to Newark, where he is wanted on a charge of grand larceny.

Whips Wife; Kills Self.
Napoleon, O., Aug. 4.—John Ellis, 45, struck his wife with a buggy whip, making a deep and serious gash on her forehead. Believing her dead, he seized a shotgun and shot off the top of his head. It is believed he was temporarily insane.

Telegrapher Stricken at Key.
Dayton, O., Aug. 4.—J. Edward Sullivan, 44, employed as dispatcher at the Union station by the C. H. & D. railway company, died suddenly as the result of an attack of heart trouble. He was at his key when the attack came.

Lineman Commits Suicide.
Washington, C. H., O., Aug. 4.—Harry Mitchell, 25, lineman for the Bell Telephone company, was found dead at his home. He had stopped up the keyhole and turned on the gas.

STUEBENVILLE TO HAVE A NEW DEPOT SOON

Stuebenville is to have a new passenger station. No mistake or mere rumor about it this time. The Pennsylvania lines through its division superintendent, P. A. Bonebrake, has put it in print and promises that the new station will be in keeping with the progress of the city and entirely adequate to its demands and requirements.

Mr. Bonebrake states that the executive committee of the company has authorized the construction of a new passenger station at Stuebenville, and that he has been instructed to proceed with work on the same at once. The dimensions of the new building will be 60 x 200 feet, and will be built on and surrounding the present structure. The cost will be from \$130,000 to \$150,000.

The plans provide for not only a fine depot structure with all the latest appointments, but a train shed over the tracks and perhaps underground crossings to reach various tracks.

THE CORN CROP.

Everything depends on the corn crop. If that should be short the business interests of the country would suffer. Corn does more to regulate the price of wheat than any other crop raised in this country. The wheat and the oat crop and the hay crop may be short, but none of these affect the prices of what the people must have to live as much as does corn. The farmers of this country can stand a shortage of one hundred million bushels in the wheat crop and seventy million bushels in their oat crop. The hay crop is only if ever a general failure but it may be short and all these not so seriously affect the general prices of foodstuffs as the failure of the corn crop, the king of American harvest.

"IN FAIRYLAND" LOST CHILD DREAM A SWEET REALITY

Somewhere along the pathway of the years—we lost our childish fairyland but does there not ever linger within us, the hope of some day finding it again?

When you tread the enchanting shores of Mackinac Isle, legend guided, from one rock wonder to another, or slip along dim forest trails into the Solitudes of the Infinite, you will know that your dear, lost child dream has come true at last and that fairyland is once more, for you a sweet reality.

Mackinac "Fairy Isle" is easily and comfortably accessible four times per week by D. & C. Coast Line to Mackinac.

TEN YEARS AGO

From The Age of August 4, 1900

Dr. Wallace will move Tuesday into his residence on Orange-st near 7th, which he purchased some time ago. It is his intention to build an office there some time this fall.

The first Atlantic City excursion leaves here next Thursday and there hangs a tale. The next night Fitzsimmons and Kuhlman will fight in New York, and local sports have discovered that they can purchase regular excursion tickets reach Atlantic City Friday, deposit their return checks and push on to New York in time to see the battle. An effort is being made to organize a party.

Ward Slaughter who is employed at the Standard, suffered a severe cut on the face Thursday, by falling into a box of tin scrap. The cut extends over the corner of one eye across his nose and to the other cheek.

John Crisman was hurt while working at a gang saw at the Novelty Advertising plant Thursday. His thumb was thrown out of joint and severely cut. A small piece of lumber flew back and struck him on the hand.

When the clock on the court house tolls the hour of midnight Robert B. McDermott will cease to be the clerk of courts of Coshocton county. His successor is W. A. Mizor the well known insurance man.

A meeting of the Agricultural society directors was held this morning in the office of Secretary Boyd. It was decided to allow the Women's Christian Temperance union to use the baggage room as a permanent headquarters and to place fire extinguishers on the ground.

MINNICOGANASHENE.

A hard name to pronounce, called locally "Minnicog." This is a picturesque summer resort on one of the largest islands of the Georgian Bay, only 3 1/2 hours run by the Grand Trunk Railway System from the City of Toronto, Canada, and beautifully situated among the 30,000 islands of that territory. Splendid hotel accommodations, good fishing, fine boating and no hay fever. Bass, trout, pickerel and pike abound. For illustrated descriptive matter and all information, write to W. Robinson, 506 Park Building, Pittsburg, Pa.

SIXTH STREET THEATRE SEASON OPENS TONIGHT

Tonight will see the opening of the Earle Stock company at the Sixth street theatre and the occasion promises to be memorable in the annals of repertoire in this city, no expense having been spared in an effort to make the show one of the classic repertoire organizations on the road.

"The Minister's Son" which will be offered tonight has been equipped like all the other shows to be presented, with complete scenic dressing down to the last detail and not one stick of scenery belonging to the house will be used.

The scenes of the play are laid in

a country settlement near New York city and in the charming rooms of a metropolitan aristocrat giving wide scope for scenic and costume effects.

Its plot is plausible and direct, dealing with the struggles of a simple country boy to lift his mortgage from his father's home and his final success after three acts of excruciatingly funny experiences.

No prettier story of life as it is has ever been written and the bill is certain to make a tremendous hit tonight.

The vaudeville show in connection with "The Minister's Son" will be one of the strongest seen here in a long time.

Plays and Players

Edmund Breece is to star in a new play.

Sidney Booth is to be the leading man in "Her Son."

George Parsons will be the leading man for Elsie Janis.

The rumor is revived that Afa Rahman contemplates to return to the stage.

Auntie Russell's next starring tour will be under the direction of Chas. Frohman.

Mary Garden has been engaged by Andrews Dippel to sing next season at a salary of \$1,400 a night.

FASCINATING HAIR

Every Woman Who Uses Parisian Sage Has Plenty of It.

Women who desire plenty of beautiful hair with a brilliance and luxuriance that cannot fail to command admiration, should begin using Parisian Sage at once.

Parisian Sage will greatly improve the attractiveness of any person's hair in a few days. It will do more; it will rid the scalp of every particle of disgusting dandruff, it will stop falling hair and itching scalp, or money back.

It cools and refreshes the scalp in summer, and removes every trace of the odor arising from perspiration in a few minutes.

Parisian Sage is a daintily perfumed preparation, delightfully refreshing, and free from grease or stickiness. It will make hair grow and prevent it from turning gray.

Sold by druggists everywhere, and by C. E. Anderson for 60 cents a large bottle. Mail orders filled, all charges prepaid by the American makers, Groux Mfg. Co., Buffalo, N. Y.

"In the time I have used Parisian Sage I have found it very satisfactory both as a grower and conditioner."—Miss Ada M. Pratt, Housh, N. Y., March 23.

William H. Crane will start next autumn on his fourth season in Geo. Ade's play, "Father and the Boys."

F. Ray Constock will produce a new musical comedy by DeKoven and Herbert, called "A Train of Pleasure."

Lillian Nordica and Melba will be among the stars of the coming season of the Chicago Grand Opera Co.

Billie Burke will make a tour the coming season, South and West, which will cover 12,000 miles. Her play will be "Mrs. Dot."

Blanche Walsh will open her season in New York on September 15, in a new play by J. Hartley Manners, entitled "Barbarezza."

Frank Mills is to be the leading man with Elsie Ferguson in "A Matter of Money." This play is to be produced early in September.

When William Gillette goes on his starring tour again he will revive his elvial war successes—"Secret Service" and "Held by the Enemy."

Gustave Frohman, brother of Charles and Daniel, will conduct a theatre in Seattle, with a conservatory of music and a school of acting attached.

Henry W. Savage has secured the American rights in English to the new Puccini opera, "The Girl of the Golden West," and will bring it out this fall.

Mahol Taliaferro is to appear the coming season in a new play entitled "The Little Mother," by Porter Emerson Browne, author of "The Spendthrift," and other plays.

Maude Adams has gone abroad and will not return until October. She will stop in London on her way to Ireland to confer with J. M. Barrie on a new play which he is to write for her.

It is reported that the Earl of Yarmouth is to appear in a play.

resumed his former stage name of Eric Hope. He has written a musical comedy for himself, entitled, "The Pigeon House."

Harry Lauder, the Scotch comedian, is considering an offer made by a syndicate to undertake a tour of the world. The tour includes America, Canada, Australia, New Zealand, India and South Africa. It would occupy two years.

Margaret Hillington will appear in a play adapted from the French, "Jugua l'Eternite," dubbed in English "Until Eternity." Its source is the same as that of Miss Clara Morris' play, "Miss Moulton." Its opening performance will be in Tacoma, Wash., August 26.

AN EASY AND HARMLESS WAY TO DARKEN THE HAIR.

Who does not know of the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature graying, than sage and sulphur, if properly prepared. The Wyeth Chemical Company, 74 Cortlandt St., New York City, put up an ideal preparation of this kind, called Wyeth's Sage and Sulphur. It is sold by all leading druggists for 50c. and \$1.00 a bottle, or is sent direct by the manufacturers upon receipt of price.

BISHOP GRANTS PERMISSION FOR WEDDING BELLS

Love laughs at locksmiths but not when the locks happen to be in the county jail. Last Saturday a marriage license was issued to Clyde Parks, aged 22, of Conesville, who has been in jail on a charge of abandoning his child and Elizabeth McShane, aged 22, of Conesville.

But there were two or three things to be attended to before the wedding bells could be rung. In the first place under the rules of the Catholic church it became necessary, under circumstances of this kind, to secure a dispensation from the bishop. The permission has now been granted by Bishop Hartley.

The next thing to be looked after was to secure the permission of Judge Nicholas to release the prisoner from the jail. The matter was taken up by Sheriff McDonald Thursday morning and it all goes well the ceremony will be performed this afternoon by Rev. Fr. O. J. Synan.

SUIT FOR DIVORCE FILED BY MRS. CARNES

Mary B. Carnes has filed suit in probate court for divorce from Walter Carnes. They were married May 28, 1903 and have no children. She claims he abandoned her July 15, 1903 and was too friendly with other women. She asks for temporary alimony and to be restored to her former name. Mary B. Owens, J. L. McDowell is her attorney.

Insect Wonders.

Nothing can exceed the perfection of the minutest parts of the insect organization in general. The finest strand in a spider's web, which can scarcely be seen, is said to be composed of no less than 4,000 threads. On a single wing of a butterfly have been found 100,000 scales and on that of a silkworm moth 400,000. Each of these minute scales being a marvel of beauty and completeness in itself. So thin are the wings of many insects that 50,000 placed over each other would only be a quarter of an inch thick, and yet, thin as they are, each is double.

Puzzled Tommy.

"Pa," said Tommy, "my Sunday school teacher says if I'm good I'll go to heaven." "Well, what about it?" said his pa. "Well, you said if I was good I'd go to the circus. Now, I want to know who's fibbing, you or her?"—Lippincott's.

The Spook. A spook is an insubstantial thing in itself, but it has certainly good uses of its own.

Officer Brunskill Watching Newsboys

Probation Officer Brunskill has started a crusade against the use of cigarettes among the young boys of the city, and his efforts have already begun to show their result. Wednesday night Mr. Brunskill visited the press rooms of the newspapers and has placed every one of the boys under probation, whether they use the cigarette or not. His idea is to watch the boys from day to day for a while then let them report to him at appointed times.

The breaking up of the cigarette habit is not his only purpose, for the use of profanity by the young boys has made another cause for activity. He intends to break this up also.

The circulation manager's cage in a newspaper office usually has more noise than any other place in town. Upon the appearance of Mr. Brunskill Wednesday night, the boys became still as little mice and assuming a look of innocence sat on their benches like angels.

Mr. Brunskill is being praised on all sides for his work with the younger generation and everyone is lending him all possible aid in his work.

PROF. GRAHAM WILL LECTURE ON AGRICULTURE

Prof. A. B. Graham, of the Ohio State University, department of agriculture, will deliver a lecture on the subject of "Agriculture" on the afternoon of Aug. 13, at 2:30 o'clock. It has been the one great purpose of the Chautauqua company to interest the farmers of the country in the Chautauqua and with that purpose in view have secured Prof. Graham, a speaker of great ability and learning on this subject. When we had the "Corn King" from Iowa here the farmers were indifferent and but few attended. Those few who were present were delighted and greatly benefited; while those who were not there, have had many years of regret. So be wise today and do not miss this rare treat. This lecture will be only be entertaining and instructive to the professional man, but to every other citizen it is a most valuable and interesting treat.

A Satisfying Food

Appetite is Nature's signal for fuel and repairs.

Healthy appetite calls for the simple food elements that supply the natural requirements.

Healthy appetite is SATISFIED when the proper kind and amount of food is taken into the body at stated intervals. But the wiles of the modern chef and caterer have created in most of us a false and often unnatural appetite which leads into all the different degrees of indigestion, dyspepsia, etc.—food insanity.

Grape-Nuts

is a satisfying food—it is composed of the natural elements to satisfy the natural appetite and restore order in the digestive machinery which may have been thrown out of gear by improper though often "fashionable" foods.

The crisp, firm, "nutty" granules of Grape-Nuts make honest mastication necessary. Its wholesome flavour makes it appetizing, and the albumens, carbohydrates and Potassium Phosphate from the whole wheat and barley, makes it a satisfying food—both to the sense of taste and to the body needs.

Ten days' trial will convince any one that

SHORT SPORT

Mrs. Wm. Harmon and two sons of Wheeling, Colo., are visiting at the home of Rev. S. S. Fisher on Walnut street.

The Reds lost two games yet they jumped from second to first division.

Two days ago the Ginks and Phillies were tied for fourth place with a percentage of .500 each.

Yesterday both teams won yet the Quakers passed the hapless Hikers and nosed their way into the tancy four.

By another queer freak of the fates today, the Cincinnati pass the Philadelphia. The percentages of the clubs this morning are .496 and .500.

The Important
Problem

confronting anyone in need of a laxative is not a question of a single action only, but of permanently beneficial effects, which will follow proper efforts to live in a healthful way, with the assistance of Syrup of Figs and Elixir of Senna, whenever it is required, as it cleanses the system gently yet promptly, without irritation and will therefore always have the preference of all who wish the best of family laxatives.

The combination has the approval of physicians because it is known to be truly beneficial, and because it has given satisfaction to the millions of well-informed families who have used it for many years past.

To get its beneficial effects, always buy the genuine manufactured by the California Fig Syrup Co. only.

Never before in the history of baseball has a nine been known to lose a double header and gain a higher position in the race.

To test the quiet planks of the percentage table all mathematicians have to do is to divide the number of games won by the total number of games played.

As figures do not falsify you can't crowd the Reds out of the first division although they lost two games.

Boston Americans are bidding for the pennant with Hall and Gargot, two Cincinnati castoffs.

An athlete learns one trade playing ball. He becomes a good waiter.

Cattiano Sciarro, Italian sculptor, New York, has sued Jack Johnson for \$1,000 due him for a black bust he has completed of the champion.

The Cubs are the Giant killers. It's becoming more and more apparent every day that nothing short of a terrible slump will keep the Chicagoans from working their way into the world's championship.

Fred Clarke of the Pirates may express "hopes" until the cows come home but down in his heart he knows that the Pittsburghs are a 100 to 1 shot.

SPORT DOPE

President Hermann may purchase Alva Williams, Buffalo, the best pitcher in the Eastern league.

Lou Criger, the veteran catcher has the reputation of being the biggest grinch in baseball. "Sour Face Lou" is sorely alicted with peevishness and mental dyspepsia.

Beware of the "bean ball" Pitchers are deliberately trying to frighten batters. Put a day's practice on them.

two batsmen are hit in the head by a pitched ball.

"Bugs" Raymond is pitching for the Atlantic City Collegians.

Manager Mack of Philadelphia has purchased a Spokane pitcher, Al Donner, an 18-year-old boy.

Sam Lanford is playing a week's engagement at Jannmerstein's, New York.

Catcher Gus Fisher and Pitcher Gregg of the Portland club have been caught in the Cleveland dragnet.

"Several players have been killed and a number badly hurt by being hit by supposedly wild heaves," walls a baseball organ.

"There are cases on record in baseball where star players were compelled to retire from the game for good on account of being dangerously injured by pitched balls.

Addie Joss, the famous Cleveland pitcher, admits that he uses a "bean ball" on dangerous batters in order to scare them, and he charges other twirlers with doing the same trick.

Roger Connor, Jeff's trainer and manager, wants a job as rubber for a major league club.

The Cleveland club is angling for Swacha, former Pittsburg player, now leading first basemen of the Southern league.

On the Zambezi river, South Africa, Aug. 18 Ernest Barry, English champion and Richard Ainzi, New Zealand champion will send for the championship of the world.

At the Olympic games, Stockholm, 1912, the outlook for Yankee athletes is not bright. Sheppard, Sheridan and Ewrey will have seen their best days.

The O & P league race is loosening up and it looks as though Youngstown is out of it.

Kabel, Columbus pitcher who'll be Nip next year, held Milwaukee to six hits, and won 3 to 2.

Dusty Rhodes pitched Kansas City to a 1 to 1 victory over Toledo.

Dave Brain, ex-big league third basemen, has been released by St. Paul.

Mathewson was given four run lead over Cubs in first inning, but he couldn't keep it.

Brooklyn is within 12 points of St. Louis in sixth place by double victory over Cardinals.

Herzog, Dave third basemen, has been translated after suspension for disagreeing with Manager Lake.

Tommy Gavagan, Cleveland well-known, fights Jack Fitzgerald 10 rounds in Omaha next Wednesday night.

Nineteen entries have been received for A. V. C. annual all around athletic championship meet in Chicago Aug. 13.

Manager Stallings says Jack Knight, as he has been going, has no superior in American league.

Brooklyn is the hitless wonder team of National league, but Dahlen's pitchers are not going their share.

MOHWK VILLAGE

MOHAWK VILLAGE, AUG. 4.—Harley Pignam and Fred Underwood started Tuesday for Oklahoma where Fred has a brother and an uncle living.

Mr. and Mrs. Charles Holl of Columbus visited his sister Mrs. W. C. Given and husband last week.

Our merchant, Claude Clark, visited in Zanestville last week.

A great deal of threshing is being done from the shock direct to the machine. The wheat is yielding a fairly well crop. The largest yield yet reported is that of Chester Graham on the Eliza Moore farm, a tract seven acres at 33 bushels per acre.

The Standard Bearers contemplate giving a lawn fête at the village Saturday evening, August 13th. Come one come all and enjoy this social event.

Is Overall A Better
Pitcher Than Mathewson?

No change in the sentiment regarding the winning of the National League pennant during the past week. The Cubs are the favorites for the job, with the New Yorks and Pirates bunched for rank outsiders, and the Reds sort of counted out of the running altogether.

When the Cubs went East on Monday they had a good, healthy lead in first place, and there is no reason to believe that they won't come back home in the same position. It's going to be interesting to see where the Pirates and Giants will be when this present Eastern visit is over, while the Reds are safely expected to worm along toward a flimsy hold on fourth place, with some slight prospect of overtaking one of their two nearest rivals before the curtain falls on the season of 1910. The Reds have demonstrated all season that they are a better road team than they are a home aggregation, a fact which leads to a confident belief that they will pull further ahead of the Phillies before they get back on their own meadow again which will be about August 19 when the Giants come here for their last series, including a Sunday game on August 21.

Now is the time when big league managers are picking out the weak spots in their teams and are spending good money to bolster up the vulnerable spots. Within the next few weeks there will be paid out for players in the several minor leagues not less than \$150,000, of which more than 50 per cent will be money thrown away, as not 50 per cent of the players purchased in the fall make good - fact, not one-fourth of the men for whom high prices are paid during the summer are among those present when the veterans match on the following Decoration Day. So far as the Reds are concerned Manager Gilfill's chief anxiety is on the subject of third base, shortstop and pitching department. All the other positions on the team are well taken care of and will hardly be changed for next season. But it is necessary to strengthen the three departments named and efforts now are being made along those lines. Another third basemen giving the club four 12 all - has been added during the past few days in the person of Corcoran, of the Buffalo Club. This youngster is said to be exceedingly fast and a good climber. He'll here some time in September. And before another week rolls by there will be another of the rookies added to local list, most of whom will be placed on exhibition.

There's a hot argument on among the ball fans these days as to the relative merits of Overall of the Cubs and Mathewson, of the Giants. Both have numerous champions, and the argument waxes hotter week after week. The strongest argument in support of Overall is that in a majority of the games that he has pitched against Mathewson the Cubs twirler was returned the winner. That's a pretty good line of dope; but when one considers that Mathewson has been pitching steadily for ten years, during which time he has been bearing the brunt of the battles of the Giants, while Overall has always had a classy team behind him - at least, since he joined the Cubs - it would appear that Matty had slightly the better of the argument. At any rate he can carry the money of a majority of the experts on the game.

They simply can't let poor Jeff alone. Not satisfied with having him wallowed good and proper at Reno on the fourth they're now trying to have him make statements to the effect that he was doped in that fight, that somebody began drugging him eight days before the battle, and that they had him good and gone when the real thing came across. Even statements by Jeff, that he has not made such

accusations fail to kill the yarn, which is being waffled all over the land and is making some of his trainers extremely sore. The fact of the matter is that Jeff had been doping himself for years, and when the time came for him to withstand a few solid punches he hadn't the stamina to do it.

During the past week there has been a rapid influx of entries for the big motor boat regatta to be given in connection with the Ohio Valley Exposition on Saturday, August 27. The tests was caused by a change in the classification of the boats the three classes now being so arranged that there will be a larger entry list with handicaps, in the speed class, embracing boats going 22 miles an hour or faster. Nearly all the fast boats on the Ohio river, from Pittsburgh to Cairo, as well as some from the tributary rivers and the Great Lakes, will be entered, offering the greatest tests of speed and endurance ever witnessed in this section.

WYETH'S
SAGE AND SULPHUR
HAIR REMEDY

Grew a Full Growth of Hair on a Bald Head

Here's the Proof

The two of three years my hair had been falling out, and I was quite bald. About four months ago I commenced using Wyeth's Sage and Sulphur Hair Remedy. It is really the best I have used for baldness. The whole top of my head is now covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

The birthright of every man, woman and child—a full, healthy head of hair. If your hair is falling, if it is full of dandruff, or if it is faded or turning gray, it is diseased and should be looked after without delay.

WYETH'S SAGE AND SULPHUR HAIR REMEDY, a true Hair Tonic and Restorer, removes dandruff in a few days, stops hair falling in one week, and starts a new growth in a month.

Wyeth's Sage and Sulphur does not soil the skin nor injure the hair; but it is an ideal hair dressing that will restore faded and gray hair to natural color and keep the hair soft and glossy.

PROF. RAMSOWER WILL LECTURE ON GOOD ROADS

Prof. H. C. Ramsower of the Ohio State University will talk to the people of the county on "Good Roads" at the Chautauqua on the evening of Aug. 13 at 7:30 o'clock. There is no subject of such universal interest as good roads. Prof. Ramsower is a road, township trustee, road superintendents, road commissioners and street commissioners, would be better able to serve the people and better able to spend the people's money, if they would take time to hear this lecture. There are thousands of dollars of the people's money wasted on the roads through ignorance as to how to make a good road. The county had better pay the way of these officers to hear this lecture than to have them miss it. And the man who thinks he knows how and will not seek an opportunity to learn is the most dangerous enemy of the public service. Every body is interested in good roads from the boy who drives the goat-cart to the man with his latest type of touring car. Let everyone turn out and see if this day can not be made a red letter day for good roads. Prof. Ramsower is a specialist on good roads and will have many things to say of universal interest on the subject.

FRONT. DRYANT. CHAUTAUQUA SPEAKER

Those who attend the Chautauqua and Institute combined, and all will have the unusual good fortune to hear an educator of great distinction, Dr. M. V. O'Shea, professor of education in the university of Wisconsin. Dr. O'Shea is known to all the teachers in America by his numerous contributions in the leading educational periodicals. Dr. O'Shea knows from experience in teaching children as well as from his practical scientific studies in the psychology of teaching just how to instruct teachers in the art of teaching.

Not only the teachers will want to hear Dr. O'Shea but also the citizens of Coshocton who will attend the Chautauqua. Dr. O'Shea is the author of several widely read works on education such as: "Education as Adjustment," "Dynamic Factors in Education," "Linguistic Development and Education," "Social Development and Education," together with numerous monographs on Education and articles in teachers' magazines.

His latest work, "Social Development and Education," will be on sale during the Institute week. This epoch making book should be read by every thinking person as it is the most recent contribution to the science of social development. The entire work teems with wisdom and gives evidences of careful study and deep thinking. This splendid work deals with topics vital to every thoughtful parent. Note the following as typical, perhaps, of the thought and style.

"In saying that the child's squalling is insignificant, it is not intended to imply that it is not of ser-

vice in arousing those who hear it, and enlisting their sympathy; but it does not necessarily denote that the child is in real need. Doubtless the instinct to cry upon slight provocation is a more or less rudimentary trait, lasting over from a time when there were not so many incitements to the child's curiosity and desire for novel experiences as there are in modern complex society. When life consisted mainly in a struggle for physical survival, and the child's pain, then his crying might have been adjusted to his actual necessities."

Hear Dr. O'Shea! His lectures are clear, forceful and full of human interest. He does not waste words. He goes to the very heart of a subject and it is a delight to follow this delightful teacher. Parents will do well to pitch their tents on the Chautauqua grounds and attend every lecture given by these noted men. Their services have been secured because we want Coshocton Chautauqua and the teachers in the county to hear the best. Come prepared to do some thinking.

CALL BY BROTHER'S INJURY

Mrs. J. J. Rose and daughter, Phillips, left Thursday for Chillicothe, on account of the serious injuries sustained by her brother, Wm. Shinnis, who was struck in the abdomen with a crowbar Tuesday while working on the Big Four railroad. It is feared he is injured internally.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

Dwight E. Sapp.

Whose death at Mt. Vernon caused widespread sorrow. As president of the Coshocton Gas Co. he was a frequent visitor in Coshocton and was universally liked and respected.

State Hears That Many Run Autos Without Tag

Columbus, O., Aug. 4.—Garret Fox was appointed special officer in the state automobile department by Secretary of State Camil Thompson. His work will be to enforce the state automobile laws in all parts of Ohio. "The appointment of a special officer to enforce the laws has long been considered necessary," said Registrar Caley, "and after getting an opinion from the attorney general little time was lost in naming him. He is already on the job. Frequent reports come to us from the small towns that some of the 'prominent citizens' are operating machines without licenses."

DELIVER JOHN GADD FROM JUSTICE'S HANDS

Newcomerstown, Aug. 4.—John Gadd appeared before the mayor for the fifth time on a charge of drunkenness and was fined \$50 and costs, and sentenced to 30 days in the workhouse. Some time during the night outside parties knocked the lock off the jail door and released Gadd, who is still a fugitive.

Worms

"Cascarets are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a tape worm. He then got a box and in three days he passed a tape worm 45 feet long. It was Mr. Matt Beck, of Millersburg, Maryland. I use them myself and find them beneficial for most any disease caused by impure blood." Chas. R. Condon, Lewistown, Pa. (Mifflin Co.)

FOR 28 YEARS

Till It Got to be Second Nature—Suffering Endless and Without Relief—Cuticura Made Skin as Clear as a Baby's.

"If I had known of the Cuticura Remedies fifty years ago it would have saved me two hundred dollars and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly over my body and got under my nails. The scales would drop off of me all the time and my suffering was endless and without relief. A thousand dollars could not tempt me to have this disease over again. I am a poor man but feel rich to be free of what some of the doctors called leprosy, some ringworm, psoriasis, etc. I took Cuticura and perspired over a year and a half but got no cure. I cannot praise the Cuticura Remedies too much. They made my skin as clear and free from scales as a baby's. All I used of them was two cakes of Cuticura Soap, three boxes of Cuticura Ointment and three bottles of Cuticura Resolvent. If you had been there and said you would have cured me for two hundred dollars, you would have had the money. I was covered with the scales but by using Cuticura I was soon as clear as any person ever was. This was over twenty-two years ago and for a long time, through force of habit, I used to rub my hands over my arms and legs to scratch, but to no purpose—I was well. I had scratched twenty-eight years and it got to be a kind of second nature to me. Dennis Downing, Waterbury, Vt., November 27, 1909."

Cuticura is the most economical treatment for all kinds of the skin and scalp. A cake of Cuticura Soap and a box of Cuticura Ointment are often sufficient. Send throughout the world. Potter Drug & Chem. Corp., 301c Prince, Boston, advertised free. 32-page Cuticura book, an authority on the skin.

LIFE TERM FOR MACKLEY

Governor Harmon Saves Toledo Murderer From Chair.

Columbus, O., Aug. 4.—Joseph Mackley, the Toledo murderer, who was to be electrocuted at the Ohio penitentiary tonight, was saved by Governor Harmon, who followed a recommendation of the state board of pardons and commuted his sentence to life imprisonment. Mackley killed Caroline Hunt, his sweetheart. He has a wife living in Mansfield. It is said that his record as a soldier in the Spanish American war had much to do with the commutation of sentence.

WET GOODS ARE FOUND IN RAID AT NEWCOMERSTOWN

(Newcomerstown Index) For some time past complaint has been made to the officials that liquor was being received at a certain Carlyle home in rather large quantities and upon frequent occasions. The officials thereupon began an investigation and found that a lot of liquor had been received at the local express office consigned to William Crawford and Wm. Slitt. On Friday evening last the officers discovered that these goods were being removed to the Crawford home on a wheelbarrow, the delivery being made after the arrival of the 10:15 p. m. east bound train. About midnight the officers John Colvin and Wm. Lyons, with the aid of deputies, made a descent on the Crawford home armed with a search and seizure warrant. Mr. Crawford promptly admitted the officers, who discovered, not two cases of 6 gallons whiskey each as was supposed, but a quantity much less not to exceed a gallon and a half. Owing to the illness of Mrs. Crawford, the second story of the house was not searched. The captured liquor was removed to the mayor's office and Mr. Thos. Crawford ordered to appear before his honor at 9 o'clock Saturday morning. When 9 o'clock came, Crawford failed to show up and a warrant was sworn out for his arrest. When the officer went to serve it, Crawford could not be found.

BALL PLAYER BOUND OVER TO GRAND JURY

Frank Layman was found guilty of trespassing upon Lewis Fisher's property and was fined \$1 and costs in Squire Laughlin's court at Warsaw Wednesday. Mr. Fisher had warned the Warsaw ball players to stay off of his property adjoining the ball grounds. Fisher filed charges against Layman and Charles Speaks. The latter waived examination and was bound over to the grand jury under \$50 bond. Layman demanded a jury trial and the jury was composed of George Wilson, Wm. Darling, Ed. Frederick, John Darr, Emanuel Lafin and J. R. Severns. Geo. D. Klein conducted the prosecution and J. C. Adams represented the defendant.

An Expert's Opinion of Skin Diseases

A prominent national expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Mr. C. E. Anderson will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.
